In the Matter of:

BEGINNING WITH THE FIRST BILLING CYCLE FOR)

ORDER

On December 18, 2015, the Commission issued an Order suspending the proposed December 31, 2015 effective date of the Gas Line Tracker ("GLT") rates of Louisville Gas and Electric Company ("LG&E") for one day and allowing the tariff to go into effect January 1, 2016, subject to refund. On December 22, 2015, LG&E filed a request with the Commission to amend its Order of December 18, 2015, and to continue its suspension of the proposed rates until the Commission's review of its application is complete. LG&E stated that refunding amounts collected through the proposed rates could be complicated, and that its actual costs will ultimately be collected through the balancing adjustment.

Having considered LG&E's request and being otherwise sufficiently advised, the Commission finds that there is sufficient cause to grant LG&E's request, and that it will suspend the effective date of the proposed tariffs and associated rates pursuant to KRS 278.190(2) for five months.

IT IS HEREBY ORDERED that:

1. LG&E's request to amend the Commission's December 18, 2015 Order is granted.

2. LG&E's proposed GLT tariff PSC Gas No. 10, First Revision of Original Sheet No. 84, is suspended for five months from December 31, 2015, up to and including May 30, 2016.

3. Nothing shall prevent the Commission from issuing further Orders in this matter.

By the Commission
